## Education

**Computer Science and Engineering, MLR Institute Of Technology**  
CGPA : 7.84( 3rd Semester )

2020 – 2024  
Hyderabad, India

## Skills

### Programming Languages

C++, JavaScript ( . Basic - Intermediate ), Python ( Basic ), Java ( Basic )

### Front-end

HTML, CSS, Bootstrap ( Basic ), SCSS

### Other

Data Structures and Algorithms, Git, Github

## Professional Experience

### Engage Mentee Intern 2022, Microsoft

As a engage mentee, we had to do a project under the guidance of a Mentor ( SDE at Microsoft ). I successfully completed the project well in time and tried my hands on Machine Learning for the first time. It was the best experience I had while doing the project.

05/2022 – 06/2022  
Hyderabad, India

### Lead Doubts Solver, CodeChef

Helping students who are new to competitive coding by resolving their doubts. I particularly solve doubts ranging between 1400-1600 difficulty rating.

present  
Hyderabad, India

## Projects

### To-Do List

Built this project while learning JavaScript. Used the local storage for storing data. Learned how to manipulate the DOM using JavaScript.

### Tic Tac Toe Game

Built this during the course of learning JavaScript.  
Languages used : HTML, CSS, JavaScript

### Movie&Chill, Movie Recommendation Website / MS Engage Project

**Tech Stacks** : HTML, SCSS, Python, Flask.

I used the ML library named Scikit Learn used for classification of objects. Using ML I classified all the movies on the basis of titles and genre.

## Achievements

- Specialist ( max rating 1476 ) on Codeforces.
- Global rank 1276 in Codeforces Round #780 .
- Global rank 1560 in Google Kick Start Round D 2022.
